

HENRY FORD IS AHEAD

Is Leading Hughes in the Nebraska Primaries

THE TWO BRYANS ARE DEFEATED

Ex-Secretary of State Sixth in Delegate Contest—Returns Slow

Omaha, Neb., April 21.—Latest returns from Tuesday's preferential primary have increased the lead given by early reports to Henry Ford of Detroit for the Republican nomination for president and indicate the renomination of Senator Gilbert M. Hitchcock on the Democratic senatorial ticket by a majority of two to one over his opponent, Ignatius J. Dunn of Omaha.

William J. Bryan, former secretary of state, candidate for delegate-at-large to the Democratic national convention, is running sixth. There are seven candidates. The four receiving the largest number of votes will be elected. Returns indicate that Keith Neville is about 5,000 votes ahead of C. W. Bryan, Democratic candidate for governor and brother of the former secretary of state.

Less than 400 of 1,800 precincts in the state have reported.

HUGHES ON OREGON BALLOT.

His Name Will Go On, Despite Request That It Be Omitted.

Salem, Ore., April 21.—The name of Charles E. Hughes will be printed on the Oregon Republican primary ballot as a candidate for the nomination of president of the United States despite his request, twice made, that it be omitted, the Oregon superior court has decided.

HENRY FORD HAS THEM GUESSING

Remarkable Strength of His "Unorganized" Movement Is Puzzling the Politicians.

Washington, April 21.—Henry Ford, who carried Michigan, and who has polled a big vote in Nebraska, has the politicians guessing. They are asking how Henry does it, and want to get his recipe.

Best information here is that the Ford movement is unorganized.

A prominent politician, just back from Nebraska and familiar with Michigan, described the Ford vote as spontaneous, not organized, and in the nature of a protest against politicians and the elements that are publicly urging preparedness for war. In addition to this, it includes the vote of the peace advocates, many labor votes, and the votes of many pre-Germans and foreigners of various sorts.

"The vote for Ford is a vote of protest," said this politician. "It is an anti-war vote; it is not by any means entirely, or even largely, a pacifist vote. It is a mistake to suppose that in a state

MAKING CHILDREN EAT

Nothing is ever gained by forcing a child to eat when it refuses food. Make sure that nothing is being eaten between meals to destroy the natural appetite and if your growing child does not have a healthy craving for good, honest food at mealtimes there is something the matter. Threats of punishment if the child does not eat will not correct the difficulty.

A full appetite in a growing child, especially if the patient is pale, languid, nervous, irritable, and without ambition, usually means that the blood is thin. A non-alcoholic tonic such as Dr. Williams' Pink Pills is demanded.

During her teens a girl lays the foundation for her future health. Lack of blood at this time may rob her of robust, healthy womanhood. It is of the greatest importance to administer to girls who grow pale and weak a safe tonic and Dr. Williams' Pink Pills meet every requirement of the most careful mother. They make the blood rich and red and it carries renewed health and strength to every part of the body.

Your own druggist sells Dr. Williams' Pink Pills. Send today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the book, "Building Up the Blood." It is free.

PHOTOGRAPH IGEL PAPERS

Federal Attorney Sends the Copies to Washington

FOR BERNSTORFF TO IDENTIFY

Believe He Will Not Admit Any Are Records

New York, April 21.—The documents seized by federal authorities in the office of Wolfe Von Igel, return of which has been demanded by Count Von Bernstorff, the German ambassador, remain to-day in a safe in the office of the United States district attorney. Before returning any of them to the German ambassador or forwarding them to Washington for that purpose, District Attorney Marshall has sent to Washington photographic copies of all of them in order that the German ambassador may determine which are official records of the embassy.

Persons who have seen the papers say they do not believe Count Von Bernstorff will admit that any are official records. The papers described as constituting "the largest haul made by the government since the activities of the agents of the central powers in this country were first uncovered."

As a result of the seizure of these papers, it was said yesterday the complete operations of an alleged Teutonic spy system in America will be revealed, including the names of the alleged directors of plots to destroy commerce and of men who obtained secret information for that purpose.

Another demand for the return of the papers were made yesterday upon Attorney Marshall by John B. Stanchfield, the defendant's attorney.

The prosecutor said that Mr. Stanchfield had maintained that Von Igel's office (formerly that of Captain Von Papen, recalled German military attaché) was in effect German territory and that the intrusion of United States agents constituted an "invasion." Mr. Marshall said that he replied that the matter rested for decision with the Washington authorities; meanwhile he had no alternative but to proceed with the case.

District Attorney Marshall said that, even if it should be proved that the papers are valuable to the German embassy, the government will contend for the right to inspect them and, if necessary, use any which are not proved to be official embassy documents.

It is reported that the contents of some of the documents already have been communicated to the federal grand jury. Von Igel is still held on bail to answer to the charge of complicity in the Welland canal plot.

Von Igel will not be released from custody and only a part of the documents seized at the time of his arrest on a charge of being implicated in a plot to destroy the Welland canal will be returned to the German embassy, United States Attorney H. Snowden Marshall declared.

"I have not even considered the release of Von Igel," Mr. Marshall said. "The legality of his arrest was definitely settled, so far as my office is concerned, early yesterday."

TWENTY KILLED IN TORNADO.

Eastern Kansas and Western Missouri Swept by Series of Storms.

Kansas City, Mo., April 21.—Reports received up to noon yesterday from tornado-swept western Missouri and eastern Kansas indicated the death list in Wednesday's storm would reach twenty.

Over one hundred persons were injured. Property damage probably will amount to more than \$750,000.

Of the five separate tornadoes that struck throughout Kansas Wednesday afternoon the most severe was northeast of Fort Scott and in Bourbon county. The wind swept a path four miles long and a quarter of a mile wide near Fort Scott, raising all buildings in its path.

The death list was added to by reports from Uniontown, Kan., which said four persons had been killed there.

WOMAN GIVEN TWO DAYS

To Make Up Her Mind for Surgical Operation. She Refused; Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides and periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I only took four doses before I felt a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOMAS MCGONIGAL, 3422 Hartville Street, Phila., Pa.

Reinstatement Ordered. Boston, April 21.—The executive council yesterday voted to order the reinstatement of June Bodfield, a negro, who was discharged recently from employment as a stenographer at the state asylum at Mansfield. It was contended by the young woman that her color was the reason for her dismissal.

STOCK MARKET REFLECTED FEELING OF CONFIDENCE

Prices Opened at General But Moderate Gains—Representative States in Better Demand.

New York, April 21.—On the surface, yesterday's stock market suggested a marked change of sentiment from Wednesday's feverish activity. Prices opened at general but moderate gains in these dull stocks which had shown greatest weakness the day before. Rails and other representative shares were in better demand, and the short interest manifested increased caution.

The improvement was ascribed to an impression derived from high financial quarters that no break with Germany would result from impending negotiations. Encouraging advices from London and Paris regarding political and military conditions also were set forth.

United States Steel, whose early tendency was upward, yielded virtually all its rise, while former speculative favorites were altogether ignored.

Trading became apathetic later, the Good Friday holiday causing the usual abandonment of operations.

NEW YORK PREPARES.

Important Military Measures Passed by the Legislature.

Albany, N. Y., April 21.—Passage of preparedness legislation and of financial reform measures has marked the session of the legislature which closed yesterday. The preparedness measures which have been passed provide for the adoption of a plan for physical and military training in the public schools, the appropriation of \$500,000 for emergency purposes of the National Guard or for the mobilization of the entire militia for field exercises this summer and the enactment of recommendations of the adjutant general's office designed to increase the personnel and efficiency of the state troops.

Reinstatement Ordered.

Boston, April 21.—The executive council yesterday voted to order the reinstatement of June Bodfield, a negro, who was discharged recently from employment as a stenographer at the state asylum at Mansfield. It was contended by the young woman that her color was the reason for her dismissal.

Topics of the Home and Household.

To make boiled starch so that the clothes that have been starched with it will not stick to the iron, add to it a small quantity of gum arabic, which has been previously dissolved, and salt.

When the collar of a man's flannel or outing shirt is worn about the neck, rip it from the band, turn the side that has been under so that it will come on the right side and again stitch to the band. It looks better than a new collar, wears as well and is easier to do.

Good Potato Recipes.

An old cooking magazine, now no longer in existence, describes a luncheon at which the main course consisted of baked potatoes in which eggs had been broken and cooked. When they came to the table they had the appearance of being plain baked potatoes, but there was a surprise in store for all. After the potatoes were baked, a slice was cut from the top of each, and of the interior enough of the pulp was scooped out to admit the unbroken white and yolk of the egg; a

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong purgatives or calomel. They take hold of the trouble and quickly carry it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong purgatives.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "biliousness" and that lax feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "bagg" and "heavy." Note how they "clear" the bowels, break and how they "perk up" the spirits. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

DYNAMITE EXPLOSION FATAL TO TWO

Half a Box for Use in Lumber Drive Blows Them to Pieces.

Houlton, Me., April 21.—Forrest Berry, 27, and Edmund Breads, 28, both residents of North Anson, were blown to pieces by an explosion of half a box of dynamite in Beaver brook yesterday while breaking up ice for a lumber drive.
